On Site Auctions Guide

Selling goods by auction is a great way to clear multiple items quickly and without the hassle of people not showing up, negotiating prices and taking up your time.

1. Make a detailed catalogue of your goods
2. We discuss reserves (if any) and selling fees
3. Take the time to clean your goods as it will help in getting better prices
4. We will discuss with you the best way to lay your goods out and in what order
5. We organise the advertising, uploading the catalogue to our website and Facebook Page as well as other relevant social media sites
6. We will discuss with you the order of events on the day
